

Application No. 10/682,444 - - - - 2

**Amendments to the Claims**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claims 1-10 (canceled).

Claim 11 (currently amended): An apparatus for interfolding at least two sheets of material for forming a web of interfolded sheets of material, the apparatus comprising:

a) at least two dispensers preforming providing sheets of material to provide ~~that include~~ at least one longitudinally extending fold line and at least one fold respectively; and

b) an interfolder downstream from said dispensers and comprising a pair of folding rolls for receiving preformed ~~through which the sheet material from each of the dispensers is fed for interfolding the respective sheets of material together and producing forming the web of the~~ interfolded sheets of material.

Claim 12 (original): The apparatus of claim 11 wherein the sheets of material respectively include a plurality of longitudinally extending fold lines and a plurality of folds together defining sheets of material incorporating a double "c" shaped fold.

Claim 13 (original): The apparatus of claim 11 wherein the sheets of material respectively include a plurality of spaced-apart transversely extending perforation lines.

Claim 14 (currently amended): The apparatus of claim 11 which includes knife rolls between the dispensers and the folding rolls for clean cutting the preformed interfolded sheets of material.

Claim 15 (currently amended): The apparatus of claim 11 which includes perforating rolls between the dispensers and the folding rolls for perforating the preformed interfolded sheets of material.

Claim 16 (new): The apparatus of claim 11 wherein the dispensers are folding boards.
